

2023 4th International Conference on Power, Energy and Electrical Engineering

November 9-11, 2023
Kuala Lumpur, Malaysia

PEEE 2023

CALL FOR PAPERS

2023 4th International Conference on Power, Energy and Electrical Engineering (PEEE 2023) will be held in Kuala Lumpur, Malaysia during November 9-11, 2023. The aim as well as objective of PEEE 2023 is to present the latest research and results of scientists related to Power, Energy and Electrical Engineering topics. This conference provides opportunities for the delegates to exchange new ideas face-to-face, to establish business or research relations as well as to find global partners for future collaborations. We hope that the conference results will lead to significant contributions to the knowledge in these up-to-date scientific fields.

Topics of interest for submission include, but are not limited to:

- Advanced Power Semiconductors
- Communication Systems
- Computation Intelligence In Electrical Engineering
- Control Science And Control Engineering
- Control Theory And Application
- Diagnosis And Sensing Systems
- Electric Drivers And Application
- Electric Vehicle Technologies
- Electrical Machines, Power Electronics And Industry Applications
- Electromagnetic And Applied Superconductivity
- Measuring Technology And Instruments
- Mechatronics And Robotics
- Micro Machines
- Nuclear Energy
- Power Electronics And Power Drives
- Power Generation And Sustainable Environment
- Power System And Its Automation
- Power System Modeling, Simulation And Analysis
- Power System Planning And Scheduling
- Power System Reliability And Security
- Power System Stability
- Semiconductor Technology
- Sensor And Micro-Machines
